General Notes

Percentages indicate the percentage of assessments that received a 'Meets Grade Level' or above performance standard, across all 3-8 STAAR and STAAR Spanish exams taken within a school or Council District.

Enrollment data is from School Year 2021-2022 Student Program and Special Populations PEIMS Reports, as reported by TEA and found at: <https://tea.texas.gov/reports-and-data/student-data/standard-reports/peims-standard-reports>.

Geographic Boundaries

For each City Council District, geographic boundaries were determined using maps from <https://www.fortworthtexas.gov/government/districts>, overlaid with school site locations from TEA's School Locator Map, found at <https://tea-texas.maps.arcgis.com/apps/webappviewer/index.html?id=51f0c8fa684c4d399d8d182e6edd5d97>. All public schools open in School Year 2021-2022 and located within the geographic boundaries of the council district were included, except for those registered for AEA (Alternative Education Accountability).

Data Analysis

STAAR and STAAR Spanish 3-8 raw data is from TEA's texasassessment.gov portal, found at <https://txreports.emetric.net>. This released data is raw assessment data and is not comparable to accountability data tables or Texas Academic Performance Reports (TAPR) from TEA.

School and Council District Data includes results from 3-8 STAAR and STAAR Spanish subject exams (Reading, Math, Science and Social Studies). Results from STAAR 3-8 Alternate 2 exams or STAAR End of Course exams were not included in this analysis. STAAR performance label definitions can be found from TEA at https://tea.texas.gov/sites/default/files/STAAR_Performance_Labels_and_Policy_Definitions.pdf.

Raw Score Conversion Tables

The table below from <https://tea.texas.gov/texas-schools/accountability/academic-accountability/performance-reporting/2021-2022-sta-ar-raw-score-conversion-tables> details the number of questions a student needed to answer correctly to receive “Meets Grade Level”.
